Dear Father McCarthy and Parishioners,

Secretary
Sr. Miriam McKeon, S.C.

We are very grateful for your generous donation of \$735.00 from the "Walk for Life" to our shelter home here at Friends of the Unborn. When we offer this scripture to our residents, "And my God will meet all your needs according to His glorious riches in Christ Jesus" Philippians 4:19, we know that He offers this promise through your generosity as our benefactors. Your donation enables us to continue our mission of life and love. You are His instrument in meeting their needs.

Your gift will be used to comfortably house and feed our resident expectant and newly parenting moms and their babies here at Friends of the Unborn. Along with meeting their physical needs, our residents come to meet the Lord Jesus by way of our Bible Studies class which occurs twice a week, counseling received from our loving Christian staff, and devoted volunteers offering their services to our moms and babies. As our residents hear the word of God they begin to realize His loving guidance and protection as their heavenly Father.

When our new residents walk through our doors they feel so "special" here because we can offer them this lovely clean and welcoming home maintained for them because of your love and generosity. So many have been deprived all of their lives in so many ways. You are their blessing, dear friends of the unborn. You bring them happiness as they start their journey of hope for the future.

Spiritual Advisor
Rev. Michael McNamara

May our Precious Lord bless you and offer you His peace, comfort and joy as we wait the birth of Jesus in this most blessed season of Christmas.

His for life,

Marilyn Birnie
